Wethersfield, CT 06109

Dear Dr. Pope,

In an on-going effort to provide compliance oversight as well as technical assistance, the Office of the Secretary of Transportation (OST), through the Office of Drug and Alcohol Policy and Compliance (ODAPC), is conducting on-site reviews at the offices of United States Department of Transportation (DOT)-regulated Medical Review Officers (MROs) across the country. The purpose of these reviews is to measure compliance with 49 CFR Part 40, and to gather statistical information that may be beneficial to future rule making.

This letter is to notify you that ODAPC intends to conduct an on-site review of the DOT-regulated MRO services performed at your office or under your name and title. Our on-site review will begin on Thursday, February 21, 2019 and will conclude on the morning of Friday, February 22, 2019 at which point you will be provided with a summary of the visit, including any compliance concerns that may require your attention.

The inspection team will need access to the following required materials while on site at your location:

1. Copy 2 of all Federal Custody and Control Forms for laboratory confirmed non-negative results, including any that were ultimately verified as negative due to a legitimate medical explanation.
2. Laboratory results and communications with certifying scientists
3. Call notes and/or logs from donor verification interviews
4. Notes concerning downgrades for tested specimens
5. A suitable office for examining the records and access to the filing location
6. The opportunity to meet with at least one MRO at your organization who has knowledge of relevant administrative/organizational practices and stakeholder relationships
7. The opportunity to meet with MRO staff

U.S. Department
of Transportation

Office of the Secretary
Of Transportation

Office of Drug and Alcohol
Policy and Compliance

1200 New Jersey Avenue, SE
Washington, D.C. 20590

8. Documentation on all safety concerns, including what the practice sent to the employer in those cases.
9. Documentation on all cancelled tests, including the reasons they were cancelled or, if the tests were changed from cancelled to another status, copies of all related documentation.
10. Information about MRO training – when and where the last training and qualification examination took place for each MRO in the practice.

It is important that your staff have the records available for our on-site visit prior to our arrival. We endeavor to conduct an efficient and expeditious review and to minimize our time at your facility. In order to accomplish this, please contact our contractor listed below to arrange for the logistics of the visit:

Contractor:

George Y. Gilpatrick Jr.
Cahill Swift, LLC
240 Commercial St. Floor 2
Boston, MA 02109
617-314-9208 x1
ggilpatrick@cahillswift.com

Prior to the on-site portion of the review, please compile and transmit to the contractor the following information:

- Total number of Federal tests reviewed between 01/01/2018 and 12/31/2018
- Number of positive lab results received during this period
- Number of positive lab results downgraded during this period
- Number of safety concerns issued to employers during this period
- Number of cancelled test

Thank you for your attention to this matter, and we look forward to working with you on this important public-safety effort.

Nashville, TN 37210

Dear Dr. Elam,

As you know, on Thursday, June 27, 2019, the Office of the Secretary of Transportation (OST), through the Office of Drug and Alcohol Policy and Compliance (ODAPC), conducted an on-site review of your Medical Review Officer (MRO) practices and procedures.

We understand that our review required a great deal of time and planning on your part. We appreciate your cooperation, time, and understanding during the review. During our time spent on-site, we were able to review numerous records and through our many discussions with you, we left with a better understanding of your practice. Because of your efforts, we believe the goal of improving this important public-safety effort can be achieved.

Once again, thank you for your time and assistance during this review.

Sincerely,

Mark Snider
Senior Policy Advisor

Snider, Mark (OST)

Hi Mark and George,

I hope you are both enjoying the warmer weather!

While at the FTA Conference in Milwaukee, I recall one of you mentioning that we should expect to receive a letter
I haven't received anything yet and wanted to check in and make sure I didn't miss it.

Please let me know if you have any updates.

Thank you,

Lynn A. Carr, C-SAPA
